

YMCA of Greater St. Paul
YMCA of Metropolitan Minneapolis
Financial Assistance

The mission of the YMCA is to build strong kids, strong families, and strong communities, while promoting the core values of Caring, Honesty, Respect, and Responsibility. The YMCA is community-based and serves people of all ages, backgrounds, abilities, and incomes. We recognize that financial situations can sometimes make it difficult for families or individuals to participate in the YMCA. The YMCA welcomes those who wish to participate, and to help make that possible we offer a Financial Assistance program.

YMCA Financial Assistance is made possible in part through the very generous contributions of individuals and businesses who support our annual Y-Partners campaign and from other donors who are committed to the YMCA mission. It is through their generosity and commitment that funds are available to provide scholarships and subsidies to children, families, and individuals who need the support.

To apply, please complete the attached form completely and provide required documentation. The YMCA requires that applicants provide the requested information on income, family size, and special situations so that we may provide financial assistance in a fair and consistent manner. Awards are based on a sliding fee scale. Applications are processed within 2-3 weeks of receipt, unless extenuating circumstances apply.

Please note that incomplete applications will be returned to the applicant and will not be considered until complete application and required documents are received.

YMCA

We build strong kids,
strong families, strong communities.
